

# DfE POSITION ON PUPIL-FACING AI

## DfE stance:

- ✓ *Teacher-facing* first  
(lower risk, *proven benefits*)
- ✓ Pupil-facing requires 'great care'
- ✓ Schools free to make own choices

## When NOT to use pupil-facing AI:

Without proper  
safeguarding  
measures

With under-age  
students (most  
tools 13+)

Without supervision

Educational purpose  
clear

Benefits outweigh  
risks

All safeguards in place

Supervised throughout

## When it MIGHT be appropriate:

Educational purpose clear  
Benefits outweigh risks
